

2020 SJTU Undergraduate Engineering Cluster Program in French for International Students

Founded in 1896, Shanghai Jiao Tong University (SJTU) is one of the internationally recognized, top-tier research universities in China, with strong commitment to nurturing future leaders with innovative drives and global visions. The Engineering Cluster Program is a new undergraduate international program designed to combine the strengths of engineering-related fields at SJTU. Offering all major courses in English or French, the Cluster Program welcomes prospective students with an interest in engineering studies from all over the world.

The SJTU Undergraduate Engineering Cluster program in French includes:

- SJTU-Paris Tech Elite Institute of Technology (SPEIT)
- School of Materials Science and Engineering
- School of Electronic, Information and Electrical Engineering, Information Engineering
- School of Naval Architecture, Ocean and Civil Engineering
- School of Mechanical Engineering

The Cluster Program covers various engineering-related disciplines such as:

- Mechanical Engineering
- Electrical and Computer Engineering
- Materials Science and Engineering
- Computer Science and Technology
- Information Engineering
- Naval Architecture and Ocean Engineering
- Power and Energy Engineering
- And more

Cluster students will take introductory science courses in the first 1.5 years at SJTU-Paris Tech Elite Institute of Technology (SPEIT). After meeting this requirement, Cluster students may choose to continue their studies at SPEIT (in French) or transfer to another engineering school (in English or Chinese) to complete their bachelor's degree.

Reminder: Although all Cluster courses are taught in French, Cluster students are required to take Chinese culture and language courses while enrolling in their respective degree programs. All Cluster students are expected to meet HSK 4 (Chinese Language Test) as the minimal Chinese language requirement for graduation. Exceptions include Cluster students enrolling in Dual Degree Program or other international programs.
